Include the following:

Photos and/or summaries of similar completed projects

Timeline

How the project may be completed: by volunteers, city staff, hired contractors

Detailed budget; include estimated costs, as well as fundraising strategy, requests, and/or grant writing needs

Recommended 10% of funding be committed prior to presenting to the city

Public/Private partnership opportunities

The City of Williamsburg partners with Iowa County Community Development (ICCD) to assist with economic and community development needs. ICCD can provide business plan templates, start-up cost calculators, business plan review and project evaluation. Grant writing and fundraising assistance are also available.

The City Clerk will put your project on the City Council agenda when the above can be provided for review.
